

HOW NON UNION MEN ARE TREATED

Son of Judge Belford of Denver Almost Beaten to a Jelly in Goldfield.

THUGS LEFT HIM FOR DEAD.

Dynamiters Make an Attempt to Blow Up an Electric Power Line—Patrol Maintained.

Goldfield, Nev., Dec. 6.—Herbert Belford, son of Judge Belford of Denver, appeared today at the office of the legal department of the Goldfield Consolidated Mines company with his face so badly disfigured that he was hardly recognized, as a result of treatment received at the hands of the miners Saturday night. His face was bruised and his nose broken, upper teeth knocked out and several ribs broken. Belford claims that he was recognized in one of the saloons of the town and called to the sidewalk, where he was taken into custody by a man wearing a star and reporting himself as a deputy sheriff. He was led through a dark and lonely district, supposedly on his way to jail, when he was set upon by thugs and was left for dead. He was found two or three hours afterward in an unconscious condition and taken to the hospital, and it was several hours before he regained consciousness.

Belford was missed by his friends, but was supposed to be out of town. During the evening of the assault Belford had been accused of having "scabbed" on Stratton's Independence mine in Cripple Creek during the strike there. He had worked there at the time, but in the office of the company, and was not eligible to join the miners' union. He was also accused of being too friendly with detectives in Goldfield. He was taken to the miners' union hall to clear his record, but he found no one to identify him. He was permitted to go with a warning, but later he was assaulted.

Belford says his friend, one Greenlee, who had also been threatened at the time of the assault on Belford, is nowhere to be found. His trunk and effects are undisturbed in his room just as he left them Saturday night, and no one has seen him since. Belford says he is either killed or has departed.

Dynamiters made an effort yesterday to wreck an electric power line which furnishes the light and power to Goldfield. A patrolman today discovered 100 sticks of giant powder scattered around three poles near the place where the line crosses the railroad track, two miles from the city. Holes were bored in two of the poles and caps had been exploded, but the powder, being frozen, failed to ignite.

The Nevada-California Power company maintains a patrol of its line between Goldfield and Bishop, which covers the entire line once every 48 hours. The force has been augmented, and hereafter a close watch will be maintained.

It is understood by the mine operators that the coming of the troops means a permanent garrison at Goldfield. It is declared the plan has been under consideration for several months, and that a number of applications have been made by the mine owners throughout the state for such action by the war department. But little of the details could be gathered, but it is understood the post will be a branch of the Presidio, and that it will be a regularly established military post. The statement is made that the post will be established in a few months, and that troops are being hurried to Goldfield ahead of time to prevent the possible outbreak of violence in the event of an attempt on the part of the operators to reopen their mines.

PETTIBONE JURY COMPLETED AND SWORN IN

Boise, Ida., Dec. 6.—The jury which will try the case of George A. Pettibone for complicity in the murder of former Gov. Frank A. Steunenberg, was completed and sworn in this afternoon.

The jury is as follows: J. H. Fraiser, 25, student; E. L. Evans, 38, farmer; A. A. Tibbottson, 29, merchant; W. A. Palmer, 40, livestockman; William Stahl, 69, prospector; Newton Carter, 36, carpenter; Joseph Singer, 46, place miner; A. C. Root, 52, printer; Charles Wilmet, 48, farmer; Arthur Estes, 38, farmer; C. R. Smead, 28, livestockman; J. H. Garraich, 40, butcher.

Root is an active member of the Boise typographical union. Both Clarence Darrow of the defense and James H. Hawley for the prosecution expressed satisfaction with the jury selected. The defense used but seven peremptory challenges, and the state nine, each side being allowed 10 by law. Six days were consumed in impaneling the jury, and 80 talesmen were examined. In the Haywood trial it required more than three weeks to obtain a jury, and 250 were examined.

The opening statement for the state will be made Monday morning by J. H. Hawley, and the taking of evidence will begin Monday afternoon. Harry Orchard will probably take the stand Tuesday.

CLARA BLOODGOOD'S SUICIDE STILL A MYSTERY

Baltimore, Dec. 6.—The body of Clara Bloodgood, the actress who committed suicide by shooting in her room

The Lunch Counter

Is the Cause of Dyspepsia and Indigestion, Catarrh of the Stomach and Heart Disease.

Nine-Tenths of Those Who Eat There Bolt Down Their Food.

The next time you eat at a lunch-counter just you watch the people opposite. Look down the whole line and notice how they bolt down their food, and then take a bite and a drink, hurrying through their meal in five or ten minutes.

Many of them don't know the correct way to eat, while others are so intent on money-making that they will not take the time to eat properly. The lunch counters create a great demand for Stuart's Dyspepsia Tablets, for every one now knows that they assist the stomach in digesting the food that has been suddenly forced down the throat.

Health should be the first thing sought for in the battle for existence. With a sound body all things are possible to man, while ill-health handicaps him.

The dyspeptic is usually grouchy and cannot meet his fellowman in the proper spirit to win his confidence and esteem. Many a fine proposition has failed because a dyspeptic was back of it.

Your brain does not work right where dyspeptic conditions prevail, neither does any organ of the body. Get your digestive apparatus in perfect condition first and all will go well with you.

Take Stuart's Dyspepsia Tablets until you cure yourself of indigestion, catarrh of the stomach and dyspepsia, and your heart, liver, brain and all the organs of the body will perform their functions properly and you will be in sound health.

Don't give up in despair, but get right and all things will come your way and fortune will again smile upon you.

You can purchase Stuart's Dyspepsia Tablets anywhere on earth. They have become a family necessity everywhere. They are 50 cents per package.

Send us your name and address today and we will at once send you by mail a sample package free. Address: F. E. Stuart Co., 159 Stuart Bldg., Marshall, Michigan.

In the Hotel Stafford last night, was taken to New York today by his bus William Lambler of New York. Mr. Lambler, through John Emerson, stage manager of the company of which his wife was a member, stated that the note left for him by his wife gave no clue as to the motive for her act. It merely referred to some business matter. Mr. Lambler could not, he declared, assign any reason for his death. Mr. Emerson could only ascribe it to the fears of a possible physical breakdown, a large number of one-night stands having affected her nervous system. The members of the company left for New York City later.

It was learned today that Mrs. Bloodgood bought two revolvers here. But one was found, so far as known, after her death.

Twenty-four prominent Salt Lake men and women, in the days of their youth, accompanied with pictures taken at the time. This forms a charming feature of the Christmas News to be printed next Saturday.

BADLY MIXED UP.

Abraham Brown of Winterton, N. Y., had a very remarkable experience, he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth blood poison; and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

The Flower Shop, under National Bank of the Republic, for funeral designs.

MAJ. W. L. GREAY DEAD.

San Francisco, Dec. 6.—Major William L. Geary, U. S. A., died this morning at 3 o'clock in the army general hospital at the Presidio, where he has been ill with Bright's disease. Maj. Geary was the first white child born in San Francisco, his father having been the last alcalde and the first mayor of San Francisco. He entered the army during the civil war when 15 years of age as drummer boy in a Pennsylvania infantry regiment and was breveted captain at the close of the war. He then was graduated from West Point and later served in the Philippines. For the last two years he was stationed at Seattle.

WANT \$50,000,000 A YEAR.

Washington, Dec. 6.—An annual appropriation of at least \$50,000,000 for the improvement and development of the inland waterways of America is the gist of the recommendations of the rivers and harbors congress, which concluded its sessions here today. No particular project was advocated by the convention, the recommendations of the committee on resolutions, which were adopted unanimously, being that a national policy for the improvement of internal waterways be adopted by the Congress of the United States. Invitations to hold the next meeting of the congress in San Francisco were received from California.

PROTEST SENT TO GOV. SPARKS

From Esmeralda County Officials Against Sending of U. S. Soldiers to Goldfield.

SHERIFF INGALLS DISGUSTED.

M. J. Monnette Lays Blame for All the Trouble on Haywood of the Western Federation of Miners.

Goldfield, Nev., Dec. 6.—The following protest was sent to Gov. John Sparks today, signed by various county officers and members of the state legislature:

"Goldfield, Nev., Dec. 6, 1907.—To Hon. John Sparks, Carson City, Nev.:

"We protest against the sending of soldiers to Goldfield, Esmeralda county, Nev. There is no disturbance now, nor has there been any.

(Signed) "Benjamin Rosenthal, county commissioner; Thomas H. Tigh, assemblyman; Joseph Hamilton, assemblyman; A. E. Swallow, district attorney; A. Solomon, justice of the peace; Bert Knight, acting sheriff; George Brodigan, county auditor; George D. Payne, state senator; Henry Spenser, commissioner."

There is intense but suppressed excitement in Goldfield today over the expected arrival of the United States troops in the Goldfield camp tomorrow morning. It is the only subject of conversation. Miners' union hall has been filled all day, and crowds fill the sidewalks and streets in front. There has been no demonstration to speak of, though some excitement has been created by the heads, who talk of what they will do after the troops come. The miners have thought the reports of the troops was all a bluff, intended to intimidate them, and they have only come to a realization of the real situation in the last few hours. They seem disconcerted and nonplussed, as events have happened and swept along too fast for them. They are certainly unprepared for the present turn of affairs.

President McKinnon of the local miners' union, a brother-in-law of William D. Haywood, is in charge of the miners' campaign. Vincent St. John has been in the hospital for several weeks as a result of a gunshot wound received in a duel between himself and another labor leader, but he is ready for duty now.

Sheriff Ingalls and his force are disgusted at the coming of the troops, and this afternoon the sheriff disappeared, and his whereabouts is unknown. It is conjectured his action has an important bearing on the present situation. Before he left the sheriff said he knew of no trouble in Goldfield, and that the call for troops was made over his head. The sheriff and his force have always been charged by the Mine Owners' association as being more than friendly to the miners. He is one of the owners of one of the largest saloons and gambling houses in Goldfield, largely patronized by the miners. Last spring, during the strike, hundreds of striking miners were sworn in as deputy sheriffs and armed. It is because of the mistrust of the sheriff that the mine operators appealed to the governor direct. Under Sheriff Bert Knight and nearly all the county officers signed a protest against troops coming to Goldfield.

MONNETTE BLAMES HAYWOOD.

Los Angeles, Dec. 6.—M. J. Monnette, president of the Los Angeles-Nevada mining exchange, and one of the big operators of Goldfield, in an interview today laid the whole blame for the present situation in Goldfield upon William D. Haywood. Mr. Monnette is quoted as follows:

"All of the present trouble at Goldfield is due to the activity of William D. Haywood, secretary-treasurer of the Western Federation of Miners. It was due solely to his influence that the miners' union there refused to accept checks on the Goldfield banks in part payment of their wages some time ago, and at a meeting of the miners urged them to refuse these checks. I am satisfied that 75 per cent of the members of the union were not in sympathy with him in this move, but they seem to be so thoroughly under the control of a few leaders that they have been afraid to take independent action. Many of these men are anxious to return to work, and in my opinion they will either be a split in the union in Goldfield or the open shop rule will prevail in all of the large mines there. The Mine Owners' association is determined that it will no longer submit to the arbitrary dictation of a few union agitators."

FUNSTON'S ADVICES.

Washington, D. C., Dec. 6.—In his dispatch to the adjutant-general of the army, Gen. Funston says:

"I have just conferred with a prominent mining operator of Goldfield now here, a man thoroughly familiar with all conditions there. He states the Western Federation of Miners in Goldfield number about 3,200, of whom about 1,000 have rifles and shotguns. Not more than 300 of these men might be considered dangerous, and he doubts if they would resist regular troops. Their leaders are some of the men who made so much trouble in Idaho and Colorado. Danger is that before troops can arrive they will blow up mines and kill people. The sheriff is a member of this federation and in my opinion with them. The schedule time of the train is 26 hours; a special could make it in 18. I feel that I should inform the department that every morning paper in San Francisco knew that the department had wired within three hours after the receipt by me of the message. The information came from their Washington correspondents."

SMALL KANSAS BANK FAILS.

Emporia, Kan., Dec. 6.—The State Bank of Emporia, at Emporia, in Lyon county, closed its doors today. It had \$28,000 in the failed National Bank of Commerce of Kansas City. Its deposits amounted to \$125,000.

Herbert Miller, president of the bank, said: "Our deposits in the National Bank of Commerce exceeded the amount allowed under the state law, and we were therefore compelled to close."

BRYAN OPENS CAMPAIGN FOR DEMOCRATIC NOMINATION

Freeport, Ill., Dec. 6.—William J. Bryan opened his Illinois campaign for nomination for the presidency on the Democratic ticket here tonight in two rousing Democratic speeches, delivered before mass meetings, and later at a banquet, at which nearly 700 prominent northern Illinois politicians assembled. Mr. Bryan spoke on the vindication of the Democratic platform since 1896. The Republican party, said Mr. Bryan, has been steadily falling from popularity, and today but one man can win the presidency, one who will have to break away from precedent and accept a third

"An Object Lesson in Optimism," will be the Christmas News, to be issued Saturday next. It sets forth the story of Utah's greatness together with the records of Idaho, Nevada and Wyoming for the year 1907 in complete and exhaustive fashion. In spite of present adverse conditions, the record will be a wonderful one.

term and one who has only gained his popularity by taking for his issues planks from the Democratic platform. He pointed out that the present financial stringency was the result of turning down Democracy's bimetallic issue, and declared the trusts, tariff and labor arbitration problems were being solved according to the lines embraced in Democratic platforms. Col. James Hamilton Lewis also addressed the two mass meetings on lines similar to those of Mr. Bryan. Samuel Abschuler of Aurora, and former Mayor E. F. Dunne of Chicago also spoke.

Old Coughs

Keep in close touch with your family doctor. No medicine was ever made that could take his place. Trust him at all times.

IN A STRANGE TRANCE.

Montclair, N. J., Dec. 6.—Physicians are greatly interested in the case of Edward Shum, a well-known young man of this city, who has been in a trance for 16 days, only occasionally becoming partly conscious for a few minutes.

During that time he tells members of his family, who are constantly at his bedside, that he has been beyond the grave and relates conversations with various friends who have died. He has eaten nothing during the time the trance has been on him.

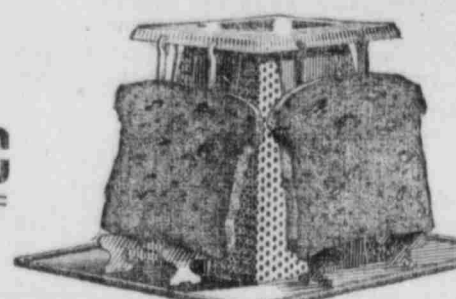

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or protruding Piles in 6 to 14 days or money refunded. 25c.

WYOMING BANKS SOUND.

Cheyenne, Wyo., Dec. 6.—A call for a statement by the bank examiner, on all state banks of Wyoming, shows that all have an available cash balance in excess of the required 20 per cent, and cash payments have been resumed in practically all parts of the state.

Old coughs, desperate coughs, rasping coughs, extremely perilous coughs, coughs that shake the whole body. It takes a strong medicine, a doctor's medicine, to master such coughs. A great many people rely on Ayer's Cherry Pectoral.

GAS

TOASTERS!

"Four Slices at a Time."

Fine for Xmas and useful every day in the year. A very small sum for such a valuable addition to your kitchen equipment. We also have a fine line of waffle irons, Gas Laundry Irons, Hot Cake Griddles, Reading Lamps etc., any of which make extremely useful and practical Xmas gifts.

Let us figure with you in installing some Gas Lights in your home. They are by all means the best and far the cheapest.

BLOOD POISON HUMILIATING-VILE-DESTRUCTIVE

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, which is quickly followed by a red rash on the skin, swollen glands in the groin, falling hair, ulcerated mouth and throat, and often copper colored spots on different parts of the body. As the blood becomes more fully contaminated with the poison, pustular eruptions and sores break out on the flesh, and in extreme cases the nerves and bones are attacked and the finger nails drop off. Then the sufferer finds themselves diseased from head to foot with this humiliating, vile and destructive poison. No other disease is so highly contagious; many an innocent person has been inoculated by handling the clothing or using the toilet articles of an infected person. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S. It attacks the disease in the right way by going down into the circulation, and neutralizing and forcing out every particle of the poison. It makes the blood pure and rich, tones up the system, and completely and permanently cures this disease. S. S. S. has cured thousands of cases of Contagious Blood Poison. If you are suffering with this debasing and destructive disease begin the use of S. S. S. and get the poison out of your blood before it permanently wrecks your health. We have a home treatment book on the disease which we will send free to all who wish it, and in addition our physicians will give without charge any medical advice needed.
